Searching the Library Catalog

Access the catalog by going to www.solacc.edu/library or click on Find Books and Films, the SLCC catalog will be the first link.

To do a basic keyword search type your terms into the search bar.

When searching the library catalog there are a number of options:

- **words or phrase** search to look for titles on a subject
- **title** search to look for a specific book or movie
- **author** search to find books by a specific author (be sure to enter last name, first name in search bar)

You can look for books at a single campus, or search all SLCC campuses.
If you click the **Power Search** link (below the library dropdown bar) you will find many more options for searching our catalog.

To search for items your instructor has placed on reserve by clicking the **reserve desk** link.

If you click the **Power Search** link (below the library dropdown bar) you will find many more options for searching our catalog.

Search for a specific type of item (e.g. if you only want to look for DVDs) by clicking the **type** dropdown bar.

To revise your search after seeing the search results, click the **Go Back** link or scroll to the bottom of the **Search Results** page.

To search for items your instructor has placed on reserve by clicking the **reserve desk** link.
