ONESEARCH is an online research tool that helps you discover many different types of SLCC Library sources. For example, when you search a topic using OneSearch, it will look for:

- SLCC Library Print Books & eBooks
- Academic Journal Articles
- Magazine Articles
- Newspaper Articles
- DVDs
- Online Videos
- Images

Details

OneSearch automatically searches many databases at the same time. This means you do not have to go to each database and search for the same topic. OneSearch does it for you! For example, when you search for something using OneSearch, it will look for results in all of these subject areas:

- Nursing & Medicine
- Biology, Geology, Chemistry
- Computer Science
- Technology
- Business & Legal Issues
- Psychology & Sociology
- Hospitality, Tourism, & Food
- Teaching & Education
- U.S. & World History
- Art & Culture
- English & Literature
- And Many More!
